Mountain Area NCWORKS Career Center Partner Infrastructure Funding Agreement (IFA)

I. Purpose

This Infrastructure Funding Agreement (IFA) is entered into by and between the Mountain Area Workforce Development Board and Mountain Area NCWorks Partners. This IFA provides information on the shared infrastructure cost and/or in-kind arrangements. All partners to this IFA recognize that infrastructure costs are applicable to all required partners whether they are physically located in the NCWorks Career Center or not. Each partner's contribution to these costs, however, may vary, as these contributions are based on the proportionate use and relative benefit received.

The sharing and allocations of infrastructure costs among NCWorks partners are governed by WIOA sec. 121(b), its implementing regulations, and the Federal Cost Principles contained in the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards at 2 CFR part 200 (Uniform Guidance).

Infrastructure costs are defined as non-personnel costs that are necessary for the general operation of the NCWorks Career Center, including: rental of the facilities, utilities and maintenance, equipment (including assessment related and assistive technology for individuals with disabilities), technology to facilitate access to the center, as well as many other infrastructure costs such as signage, supplies, etc.

II. Mountain Area NCWorks System Infrastructure Budget

\$278,241.76

III. Cost Allocation Methodology

There is a two-tiered approach to determining infrastructure and additional cost for required WIOA Career Center partners using the Local Funding Mechanism (LFM). For Temporary Assistance for Needy Families (TANF), Community Services Block Grant (CSBG), Carl D. Perkins Career and Technical Education, Adult Education and Family Literacy Act (AEFLA) and Senior Community Service Employment (SCSEP) programs, and LFM method uses a funding percentage cap of 1.5% to determine the agency's proportionate share of infrastructure and additional costs. The 1.5% is then distributed to workforce boards based on workforce service criteria outlined by each agency. Title IV, Vocational Rehabilitation (VR) determines proportionate share based on the number of VR and adult ed. clients that received services in the previous program year and documented in NCWorks.

The LFM is used to negotiate appropriate contributions from each required partner that will be allocated to the Mountain Area Workforce Development Board as outlined below. The two-tiered approach methodology does not include Division of Workforce Solutions (DWS) administered programs on Workforce Development Board (WDB) administered programs. For all other required partners with state agencies, infrastructure contributions will be transferred to DWS as a lump sum based on the LFM for the said agency. Once DWS receives funding from the State agency, DWS will distribute funding to the local area via the funding methodology set up for each State agency as outlined in the table below.

For required Partners without a State agency, but which are federally funded, the LFM is used as well; however, this negotiation will vary per WDB and should be outlined in the table below. Not all federally funded required partners may administer programs in a WDB's Local Area. In that case, infrastructure cost sharing is not required.

For required partner programs administered by DWS: Title III_Wagner-Peyser Employment Services, Trade Adjustment Assistance (TAA), and Jobs for Veterans State Grants (JVSG), the cost sharing model is based on the grant employees proportionate use of the NCWorks Career Center. DWS and WDB will pay a cost per employee housed in the center. The cost per employee will be based on the total infrastructure cost of the NCWorks Career Center, where applicable.,.....

Partner agency	Funding Methodology
WIOA Title I Adult, Dislocated Worker, and Youth formula programs	Proportionate use – cost per employee
WIOA Title I: Job Corps	Local agreement that Schenck Job Corps will refer youth to the NCWorks Career Centers in the Local Area as needed

Jobs for Veterans State Grants (JVSG) programs	Proportionate use – cost per employee
Senior Community Service Employment Program (SCSEP)	Based on Title 1 WIOA Adult formula
Unemployment Compensation (UC) programs	Based on Title 1 Dislocated Worker formula
Reentry Employment Opportunities (REO) programs	<i>Local negotiation or N/A</i>
WIOA Title II: Adult Education and Family Literacy Act (AEFLA) program	A calculated amount per participant served is allocated based upon the number of AEFLA participants receiving staff assisted services at a WDB within each provider's service area.
Carl D. Perkins Career and technical education programs	A calculated amount per participant served is allocated based upon the number of CTE participants receiving staff assisted services at a WDB within each provider's service area.
WIOA Title IV: Vocational Rehabilitation (VR) Services program	Based on the number of VR clients with IPEs that received NCWorks services in the previous program year. Differences are reconciled in the following program year.
Department of Housing and Urban Development Employment and Training programs	Local negotiation or N/A.
Services for the Blind	Based on the number of VR clients with IPEs that received NCWorks services in the previous program year. Differences are reconciled in following program year.
Community Services Block Grant (CSBG) programs	CSBG amount is based on 2017 survey of Community Action Agencies, the amount of awarded CSBG identified as being directed to employment screening was calculated. In aggregate, employment services accounted for 20% of the CSBG awards. 20% times the state maximum percent fo 1.5% = amount to be awarded for infrastructure cost sharing. The amount of infrastructure cost sharing was allocated to counties/agencies based on each their allocation of CSBG funding.
Temporary Assistance for Needy Families (TANF) program	TANF Amount to distribute was determined by county(ies) coding (method of recording expenditures) to WFCBG for Employment Services in SFY 2016-17. The percentage of funding for each county of the total allocation of the TANF Work First County Block Grant (this funding provides dollars for Employment Services Funded with TANF) was applied to the coded expenditure amount.

For additional partners that are not required partners, funds are paid directly to the Local Area Workforce Development Board based on the partner's proportionate use of the center as outlined in the table below.

(Insert table for additional partners as applicable)

IV. IFA Modifications

The partners recognize that modifications to the IFA may be necessary during the program year. Any authorized representative of a partner may make a written request for modification. In order to be valid, any modification to the IFA must be in writing, with a 30 day notice, and signed and sent to Nathan Ramsey, Director of Mountain Area Workforce Development Board. If Mountain Area Workforce Development Board requests a modification, notice will be sent to the partner organization contact and address identified in section V. IFAs shall be reviewed by all partners at least **once per** year as part of the Workforce Development Board's Local Plan MOU update process. If partners are not able to resolve issues related to infrastructure funding during the MOU duration period when consensus cannot be reached, partner contribution defaults to the State Funding Mechanism limits.

V. Partner Infrastructure Contributions

For required partners that have a state agency, required infrastructure cost will be transferred to DWS. DWS will then distribute the funds to each board based on the methodology agreed on between the agency and the NC Director's Council.

Where DWS needs to contribute funds to a WDB, they will issue a funding authorization for the amount owed which will allow the board to draw down those funds as they are needed will work with DWS planning unit to generate the NFA for the entire amount owed to that WDB. Boards can draw the funds down as needed.

Where the WDB needs to contribute funds to DWS, DWS will issue an invoice, which will provide the required documentation and audit trail, that will allow the board to draw down the funds and write a check to DWS. The local areas that owe DWS will be invoiced that amount and tracked for receipt by our finance unit.

For partners cost sharing funds not distributed by the Division of Workforce Solutions, Mountain Area Workforce Development Board will invoice Partner within 30 days of the signed MOU for infrastructure cost sharing effective July 1, 2019.
